

## THE MILESTONES PROJECT™ PLEDGE

-  *I pledge* to notice the ways people are like me before I notice the ways they are different;
-  *I pledge* to say only kind things to others and to stop myself before I say mean things;
-  *I pledge* to use respectful words to work out my problems with other people;
-  *I pledge* to encourage my friends to do these things too,

because. . . I know that if everyone does these four things we will put an end to intolerance and hatred all over the world.
